

OUR WASHINGTON LETTER

Interesting News From the National Capital of the Gretest Country on Earth.

Washington, September. Beginning September 21, day of the calendar end of summer, will begin a series of cabinet meetings at which all the stages of the presidential family are expected to be present and discuss executive matters as in committee of the whole on the state of the union, as it were.

The meeting will last several days, and at it each member will make report of his achievements during the summer. President Taft it is understood, will discuss with the cabinet the main features of his forthcoming annual message to Congress.

The White House convention should be an unusually interesting cabinet event, drawing to its deliberations members from all parts of the country and from beyond its confines. Secretary of State, Knox, who has been spending the warm period at his summer home at Valley Forge, Pa., will report on the international relations of the United States, particularly with reference to Nicaragua.

Secretary of War Dickinson, who is now on his way homeward from the Orient, is expected to be on hand with an up-to-date report on the Philippines status as well as on the Pacific Islands possession of the United States. Attorney General Wickersham and Secretary Nagel of the Department of Commerce and Labor will report their conclusions with respect to Alaska, where they have been together for some weeks investigating particularly the efficacy of the land laws for the big territory. Secretary of the Treasury MacVeagh and Postmaster General Hitchcock will report on the prospects for the successful operation of the postal saving bank system. Secretary Ballinger will be in the consultation with reference to conservation events and possibly in view of recent developments in his controversy with former Forester Gifford Pinchot, something important may occur affecting his future connection with the Taft administration.

As the White House meeting will be but little over a month prior to the congressional elections, it is to be expected that the president and the cabinet will take into earnest consideration condition of the campaign and do what may seem best to promote the election of a Republican majority in the House.

The defeat of Senator Julius C. Burrows by Representative Chas. E. Townsend for the term in the Senate beginning March 4th next is one of the most notable events of this year's political mutations. Of the seventy-three years of his life Mr. Burrows has spent thirty-three in Congress, eighteen as a member of the House and fifteen as a Senator. His first term was in the Forty-third Congress, when James G. Blaine was Speaker of the House. He has been in Congress continuously since 1873, with the exception of two years he was a leading member of the House, serving prominently as a member of the Ways and Means Committee and as Speaker Pro-tempore. He came to the Senate in January, 1895, and has been one of the strong members of that body, having been for many years chairman of the committee on Privileges and Elections and a member of the Finance Committee. The friends of Senator Burrows had hoped in the event of his re-election that he

would succeed to the chairmanship of the Finance committee upon the retirement after next March of Senator Aldrich, as the Michigan Senator ranks next to Aldrich. Next in line of promotion in order of seniority on the committee is Senator Penrose.

The Finance committee consists of fourteen members, nine of whom are Republicans and five credited to the Democrats. Since the last apportionment of members Senator Daniel has died. After next March, when there will be another adjustment Senate committee membership, six other Senators will have been eliminated. Aldrich, Hale and Flint by voluntary retirement and Burrows by defeat on the Republican side and Money by voluntary retirement and Taliaferro by defeat on the Democratic side. The remaining members in the order of seniority will be Penrose, Cullom, Lodge, McCumber and Smoot. Republicans, and Bailey and Simmons, Democrats.

The Deep-Waterway Convention at Providence was a highly successful affair, was well attended and marked by enthusiastic renewal of expressions of devotion to the broad and comprehensive policy of river and harbor improvement inaugurated by the River and Harbor Congress at its last session. The interest and zeal of the members of the minor organizations proving of vast help to the parent body. The next meeting of the Deep-Waterways association will be held in Richmond, Va.

More cement was made and used in the United States in 1909, according to the U. S. Geological Survey statistician, than any preceding year, and the price per barrel was lower than ever. The production in 1908 was 52,910,925 barrels, valued at \$44,477,653; the production in 1909 was 64,196,386 barrels, valued at \$51,232,979. The increase was chiefly in the output of Portland cement 62,509,461 barrels valued at \$5,510,385, as against 51,072,612 barrels in 1908, valued at \$13,547,679.

The Geological Survey calls attention to the availability of low grade phosphate rock making of exceeding importance, the discovery of enormous phosphate deposit in Idaho, Wyoming and Utah, many of which are on government land, the total area of public phosphate lands now withheld from entry being two and a half million acres. The areas examined contain more than 267,000,000 tons of high grade phosphate rock, very little of which has yet been mined, and it is probable that the deposits extend far beyond the areas examined, forming perhaps the largest phosphate field in the world.

YOU TAKE NO RISK

Our Reputation and Money is Back of This Offer.

Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. E. Johnson of Walnut Grove, Tenn., started with it that way and now write that it is their only family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For further request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

ECZEMA--A GERM DISEASE CAN NOW BE CURED

The Medical profession is all agreed that ECZEMA is a germ disease, but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo's clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the diseases. The whole method of treatment and cure by zemo is explained in an interesting book on the subject issued by the makers of ZEMO. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff, and all diseases of the skin and scalp. Call at Haynes & Taylor's Drug Store for Booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all diseases of the skin and scalp.

NOTICE

The Lash of a Fiend would have been about as welcome to A. Cooper, of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It was most troublesome at night," he writes, "nothing helped me until I used Dr. King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, lagrippe, asthma, hemorrhage, croup, whooping cough or hayfever. It relieves quickly and never fails to satisfy. A trial convinces. 50c and \$1. Trial bottle free. It is positively guaranteed by J. H. Orme and Haynes & Taylor.
